Enclosed is a check for two hundred dollars for Blessed Kateri. I have received so many favors, little ones and big ones. The latest big one was last fall when I was in New Mexico. I left my wallet at a Chinese Restaurant and I did not notice it until the next day. I called and they told me they had it and it was all intact (money, charge cards, etc). My thanks to Blessed Kateri!

Enclosed is a check for twenty dollars. I was very ill for over a week, didn't know what was wrong. I prayed to Kateri. My prayers were heard and answered, and my health returned. I believe her intercession with the Lord really helped, as it has done many times before . . .

In gratitude with Kateri, to God, for a job obtained, I wish to give Kateri a bouquet of flowers at present, and each time I come to visit Kahnawake. It was through her intercession that I obtained a job, in Palliative care, in a bilingual hospital though I'm not bilingual (yet). Thank you, also, for the extra grace to learn and grow in a new language. I specifically wanted this hospice, part-time day shift. All kinds of obstacles were obstructing this request, but Kateri's love saw me through the obstacles. Kateri's sweetness coated this grace when she delivered this job on my father's birthday, March 9, 1987. I would like to honor Kateri's love with flowers and this letter to be used toward her canonization. May God reward Kateri's charity.

I am fulfilling a promise to send in a donation if my husband found a job. He recently began a job that pays substantially more than his previous job and offers many more benefits. We are most grateful. I hope my prayers regarding a current health problem will be heard as well. Thank you for your magazine.
