

A PRAYER TO BLESSED KATERI TEKAKWITHA

Blessed Kateri, chosen daughter of God, so full of His Wisdom, you were able to choose the "best share" and desire for yours the "gift of God."

Do obtain for those who share your culture and for all your brothers and sisters of this land, your wisdom in the claiming of their rights and that all parties involved recognize the limits of their rights as well as the justice of their claims.

May the love that burned in your heart and made you accept your people as well as the others inspire all citizens of this country, mutual respect and good understanding in justice and charity.

O Kateri whose vision was as large as the valley of the Mohawks and as the Kingdom of God, intercede for us so that all humans may see high and far, and walk hand in hand as children of God, all invited to share the happiness of Your Kingdom. This we ask earnestly through Christ our Lord.

Amen
